Valentine Roses

Children make a bouquet of roses to give to loved ones during this month of love, February or Valentine's Day.

Suggested for ages 4-8

Supplies:

Red or Pink Tissue Papers

Green Pipe Cleaners

Ribbon

Scissors

Hole punch

Greeting Card Paper

Markers

What to do:

Cut tissue paper into 2 inch wide strips, 18 inches long. Have children roll tissue paper strips lightly to form a rose. Then pinch the bottom of the roll to make the rose bottom. Take the green pipe cleaners and twist them around the pinched portion of the paper. Have children make as many as they like for that special loved one(s). After all the roses are completed, take another flat, whole piece of tissue paper and wrap it around the bunch of roses.

Tie it with the ribbon. Use the hole punch to make a hole in the card to string the ribbon on the bunch of roses to attach the card.

Final step, ready to give!
