

Well, I am pretty sad to not have anyone interested in our Free Library Box here in Brashear. Tom is busy making it and we just need help in deciding the best location. If you have any input on this, please let us know. We love books and want to share some we have.

I would like a small prayer for my mom. She is not doing very well right now. Also, a prayer for Glenn Stroh who is having surgery on Wednesday. Seems like my family is being hit hard right now.

P31 would like to issue a challenge to all the women of Brashear to come out and join a great group of women. We who are meeting now have so much fun and would love to have our group grow. Come see what it is all about. First time you come it is free. Love to see you there.

The rain has been so needed. We had almost an inch on Sunday and had two tenths today. Our ground is very wet and our pools are full. Thank you Lord.

Training tomorrow for the upcoming elections. Hope you all take the time and do your civic duty and vote on March 4.

I have basically run out of things to say tonight so I would like to hear from more of you. Call me at 903-612-8806; email me at youngdede60@gmail.com ; or come by and visit us at CR 1119 here in Brashear. Take care and keep warm I hear the weather for the next few days is going to be rather cold. Love Texas weather.
